Board of Education Unified School District No. 456 Melvern, Kansas 66510

INDEPENDENT AUDITORS' REPORT ON FINANCIAL STATEMENTS

We have audited the financial statements of the individual funds of Unified School District No. 456, Melvern, Kansas, as of and for the year ended June 30, 2011, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the <u>Kansas Municipal Audit Guide</u>. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the District has prepared these financial statements in conformity with the accounting practices prescribed by the State of Kansas to demonstrate compliance with the cash basis and budget laws of the State of Kansas, which practices differ from accounting principles generally accepted in the United States of America. The effect on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonable determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2011, or the changes in its financial position for the year then ended.

In our opinion the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances of the District, as of June 30, 2011, and its cash receipts and expenditures and budgetary comparisons for the year then ended, on the basis of accounting described in Note 1.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – <u>Summary of Significant Accounting Policies</u>

Financial Reporting Entity

USD No.456 is a municipal corporation governed by an elected seven member board. The district as an entity has been defined to include, on a combined basis, (a) USD No.456 (b) organizations for which USD No. 456 is financially accountable, and (c) other organizations for which the nature and significance of their relationship with USD No.456 are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. There are currently no organizations which meet the foregoing criteria for being combined in the District's report.

Fund Descriptions

In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the District for the year 2011:

Governmental Funds

<u>General Fund</u> – To account for the resources except those required to be accounted for in another fund.

<u>Special Revenue Funds</u> – To account for the proceeds of specific revenue sources (other than major capital projects) that are restricted by law or administrative action to be expended for specified purposes.

Fiduciary Funds

<u>Agency Funds</u> – To account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies (Continued)

Statutory Basis of Accounting

The statutory basis of accounting, as used in the preparation of these statutory basis financial statements, is designed to demonstrate compliance with the cash basis and budget laws of the State of Kansas. Cash receipts are recognized when the cash balance of a fund is increased. Expenditures include disbursements, accounts payable and encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract. For an interfund transaction, a cash receipt is recorded in the fund receiving cash from another fund, and an expenditure would be charged in the fund from which the transfer is made.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the statutory basis of accounting.

Departure from Generally Accepted Accounting Principles (GAAP)

The basis of accounting described above results in a financial statement presentation which shows cash receipts, cash disbursement, cash and unencumbered cash balances, and expenditures compared to budget. Balance sheets that would have shown noncash assets such as receivables, inventories, and prepaid expense, liabilities such as deferred revenues and matured principle and interest payable, and reservations of fund balance are not presented. Under accounting principles generally accepted in the United States of America, encumbrances are only recognized as a reservation of fund balance; encumbrances outstanding at year-end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the fiscal year in accordance with United States generally accepted accounting principles. Capital assets that account for the land, buildings, and equipment owned by the municipality are not presented in the financial statements. Also, general long-term debt such as general obligation bonds, temporary notes, and compensated absences are not presented in the financial statements.

Reimbursed Expenses

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Budgetary Information

Kansas Statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenues other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no budget amendments noted for the year 2011.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Budgetary Information (Continued)

The statutes permit transferring budgeted amounts between accounts within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the city for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations (legal budget expenditure authority) lapse at year-end.

A legal operating budget is not required for capital projects funds and trust funds and the following special revenue funds:

Title IID Fund
Title VI - REAP
Title I Fund
Contingency Reserve Fund
Textbook Fund
Title IIA Fund
District Activity Funds

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Inventories and Prepaid Expenses

Inventories and prepaid expenses which benefit future periods are recorded as expenditures.

NOTE 1 – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The process of preparing financial statements requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

NOTE 2 – Deposits and Investments

Deposits

K.S.A. 9-1401 establishes the depositories which may be used by the district. The statute requires banks eligible to hold the district's funds have a main or branch bank in the county in which the district is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The district has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the district's investments of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The district has no investment policy that would further limit its investment choices. The district had no investments during 2011.

Concentration of Credit Risk

State statutes place no limit on the amount the district may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the district's deposits may not be returned to it. State statutes require the district's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal

Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2011.

At June 30, 2011, the government's carrying amount of deposits was \$ 1,546,712 and the bank balance was \$ 1,761,395. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$250,000 was covered by federal depository insurance and the balance was collateralized with securities held by the pledging financial institutions' agents in the district's name.

Custodial Credit Risk - Investments

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

NOTE 3 - Defined Benefit Pension Plan

Plan Description – USD No. 456 participates in the Kansas Public Employees Retirement System (KPERS), a cost sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas; Topeka, KS 66603) or by calling 1-888-275-5737.

Funding Policy – K.S.A. 74-4919 establishes the KPERS member-employee contribution rate at 4% of covered salary. Member-employees' contributions are withheld by their employer and paid to KPERS according to the provisions of section 414 (h) of the Internal Revenue Code. The State of Kansas is required to contribute the remaining amount necessary to achieve the actuarially determined contribution rate. Kansas currently contributes 9.17% of covered payroll. These contribution requirements are established by KPERS and are periodically revised. Kansas' contributions to KPERS for the

year ended June 30, 2011 was \$188,864,352 with a remaining balance due of \$64,969,692 which was received by July 12, 2011.

NOTE 4 - Risk Management

The District is exposed to various risks of loss related to limited torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the county carries commercial insurance. There have been no significant reductions in coverage from prior years and settlements have not exceeded coverage in the past three years.

NOTE 5 - Compliance with Kansas Statutes

We noted a violation of K.S.A. 9-1402, the Kansas Depository Security law, during the period under examination.

NOTE 6 - Compensated Absences

Vacation is provided for all twelve month employees. Employees cannot carry any vacation forward.

Sick leave accumulates at the rate of 10 days per year for all employees. A maximum of 65 days of sick leave can be accumulated. Employees are reimbursed at the end of each year at \$ 40 per day for all days for all days accumulated over 65 days.

The district has not computed or recorded the potential liability.

NOTE 8 – Other Post Employment Benefits

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 – Contingency

The District receives federal and state grants for specific purposes that are subject to review and audit by federal and state agencies. Such audits could result in a request for reimbursement by federal and state agencies for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of the District's management, such disallowances, if any, will not be significant to the District's financial statements.

NOTE 10 - Cash Basis Exception

The State of Kansas statutes exempt all funds from a cash basis violation if the violation was as result of delayed payment by the state.

NOTE 11 - Subsequent Events

Subsequent events for management's review have been evaluated through September 28, 2011. The date in the prior sentence is the date the financial statements were available to be issued.

NOTE 12 - Compliance with K.S.A. 72-6417 (d) and K.S.A. 72-6434 (d)

K.S.A. 72-6417 (d) and K.S.A. 72-6434 (d) requires the school district to record any payment of general state aid that is due to be paid during the month of June and is paid to the school district after June 30, as a receipt for the school year ending on June 30. The following shows the revenue as required by the Statutes:
